Sources

Enrique García, former officer of Cuba's Intelligence Division and two former Cuban intelligence officers who remain anonymous.

Notes:

Each DI officer manages up to 15 intel. relationships, each military intel. officer up to 20. 13 were used for this estimate. An average of 60% of intelligence relationships are agents (the rest are "relations of influence" or "useful liaisons").

*Illegals Department

Each officer of the Illegals Dept. (2 per the 6 provinces) recruits and trains 6 illegals a yr. = 72.

Training of illegals began in 1962, the estimate is for 55 years (1963-2018)

Assuming 50% of 72 illegals per yr. completed the training and were assigned, 60%-70% are sent to the US..

If 40% of illegals go elsewhere, an estimated 324 are in other countries.
